

Day 1: 02/02/2021 09:30 - 12:30

Title: Session 1

Venue: Virtual Training (ONLINE - Virtual Training),
Remote learning

Trainer: Jo McDonough

Early Years Area SENCOs.

The Role of the Early Years SENCO

Outline

An essential training course for both EY Practitioners new to the SENCo role and experienced EY SENCOs wishing to update their knowledge and skills. Practitioners who undertake this training may choose to build on these 4 sessions which form the initial part of the accredited Level 3 National EY SENCo Award.

Description

This 4 half day course focuses on sharing quality, inclusive practice within the delivery of the EYFS framework and the SEND Code of Practice. It also provides opportunities for participants to focus on areas of development within their own settings. The course will cover:

- Understanding the role of the EY SENCo
- An insight into the SEND Code of Practice
- Somerset's approach to early years, SEND and statutory practices
- Opportunities for sharing good practice with other EY SENCOs

Outcome

Participants will gain knowledge, skills and confidence to enable them to:

- ensure all practitioners in their setting understand their responsibilities to children with SEN and the setting's approach to identifying and meeting SEN
- advise and support colleagues
- ensure parents are at the centre of SEND processes
- liaise with professionals or agencies beyond the setting

Participants may wish to continue their professional development by pursuing the National Level 3 EY SENCo Award and these 4 sessions would be recognised as part of that accredited training.

Audience

Special educational needs coordinators in private, voluntary and independent early years settings.

Booking Information

Prices start from: £120.00 per person.

Please login to find out your school/setting price.

All delegates must be booked on the course with their own valid school email address. This is essential to access the Microsoft TEAMS invitation which will be emailed to delegates separately.
