

## **SOMERSET SCHOOL ORGANISATION PLAN - 2020**

**The School Organisation Plan gives details of the state-funded schools located within Somerset, showing the forecast number of pupils and the number of places available (the net capacity). As such this document is a key part of the local authority's statutory responsibility for planning of school provision. The data is shown at school level, organised into separate tables for each planning area.**

**For further information please contact:**

**Schools Commissioning Team** for queries relating to net capacity, admission numbers and school organisation in general. Tel: 01823 356683

**Business Intelligence Children's Team** for queries relating to the forecast of pupil numbers. Tel: 01823 355961; email: [PMIT@somerset.gov.uk](mailto:PMIT@somerset.gov.uk)

### # Wellington Note

The new school Isambard Kingdom Brunel (IKB) Primary School is expected to open with provision for 30 places. This is planned to rise incrementally as new year groups are added each year to reach a net capacity of 210. These additional places are not included in the area totals shown above.

## SOMERSET SCHOOL ORGANISATION PLAN - 2020

### EXPLANATORY NOTES:

1. The School Type and the summary of Denominational Places is based on the governance of the school at May 2020 and will not reflect changes since that date.
2. Area totals and sub-totals may not agree with the figures for individual schools due to rounding of data.
3. Pupil numbers for schools with boarding provision includes remote borders as well as local day-pupils.
4. The number on roll and net capacity figures for schools with sixth form provision includes all pupils. The Indicated Admission Number (IAN) relates to the statutory year groups only.
5. School net capacity and IAN data relate to the school's accommodation as calculated at May 2020 - it does not take into account any changes in provision that are planned but yet to be implemented.
6. The number on roll (NOR) data shown for October 2019 is the actual roll taken from the School Census return.
7. The forecasts of pupil numbers are taken from the Somerset School Population Forecast 2019 (which is calculated using the Oct 2019 School Census as its base data).  
The full forecast data, from which the figures in this publication are a summary, is available from the Somerset Learning Platform website: [Somerset School Population Forecast 2019](#)
8. All number on roll and net capacity data refer to pupils/places in the reception year and above (children in early years/nursery provision are not included).
9. Number on roll and forecast data includes pupils in SEN Resourced Base provision which is attached to some schools.
