

SOMERSET SCHOOL ORGANISATION PLAN - 2021

The School Organisation Plan gives details of the state-funded schools located within Somerset, showing the forecast number of pupils and the number of places available (the net capacity). As such this document is a key part of the local authority's statutory responsibility for planning of school provision. The data is shown at school level, organised into separate tables for each planning area.

For further information please contact:

Schools Commissioning Team for queries relating to net capacity, admission numbers and school organisation in general. Tel: 01823 356683

Business Intelligence Children's Team for queries relating to the forecast of pupil numbers. Tel: 01823 355961; email: PMIT@somerset.gov.uk

CREWKERNE/ILMINSTER AREA

Following a consultation by the Local Authority this area is planned to convert from a 3-tier school structure to a 2-tier structure wef September 2022.

In light of this change, no forecast data has been issued for the schools in the area (apart from the above data for Wadham School) as there will be new admission arrangements for the primary schools which are yet to be confirmed. The forecast data for Wadham reflects the admission of pupils at year 7 from 2022.

Foundation (FO)	0.0%	0.0%

SOMERSET SCHOOL ORGANISATION PLAN - 2021

EXPLANATORY NOTES:

1. The School Governance and the summary of Denominational Places is based on the governance of the school at May 2021 and will not reflect changes since that date.
2. Area totals and sub-totals may not agree with the figures for individual schools due to rounding of data.
3. Pupil numbers for schools with boarding provision includes remote borders as well as local day-pupils.
4. The number on roll and net capacity figures for schools with sixth form provision includes all pupils. The Indicated Admission Number (IAN) relates to the statutory year groups only.
5. School net capacity and IAN data relate to the school's accommodation as calculated at May 2021 - it does not take into account any changes in provision that are planned but yet to be implemented.
6. The number on roll (NOR) data shown for October 2020 is the actual roll taken from the School Census return.
7. The forecasts of pupil numbers are taken from the Somerset School Population Forecast 2020 (which is calculated using the Oct 2020 School Census as its base data).
The full forecast data, from which the figures in this publication are a summary, is available from the Somerset Learning Platform website: [Somerset School Population Forecast 2020](#)
8. All number on roll and net capacity data refer to pupils/places in the reception year and above (children in early years/nursery provision are not included).
9. Number on roll and forecast data includes pupils in SEN Resourced Base provision which is attached to some schools.
