Classroom Online Safety Rules

1) If a message comes up on the screen, always tell a teacher.

2) Turn over the device or minimise the picture if you see something inappropriate and then tell a teacher.

3) Be careful that you don't spend too long on a device, especially during golden time or wet playtime.

4) Ask an adult if you are allowed on a device.

5) Make sure you have an adult supervising you whilst you are on a device at school.

6) Use safe search engines such as www.primaryschoolict.com or www.swiggle.co.uk

7) Make sure you check reliability of information by seeing if one or two other websites give the same information.

8) Always give good advice to your classmates whilst online.

9) Make sure you use your own username when logging in to the computers or keep a note of which computer/device you have used.
