

Year 2's learning tasks homework

The children have been working really hard this term and I am really proud of the progress they have made. I love teaching them and they all make me smile everyday.

Here is some activities that you can do, to make sure your child keeps up with their learning.

Things in the pack :

The children have several reading books to read at home, any reading is great - comics, recipe books, information books. Talk with your child about what you have read, most importantly enjoy! Just 5 minutes a day can make all the difference.

They have a writing journal with tasks stuck in the front and a weekly common word list to practice. Plus a new pencil from school to do their writing with.

There is a math booklet with lots of different activities.

Finally there is plastic wallet with some extra things that the children can do with you at home.

There are plenty of activities online for you do with your children :

www.topmarks.co.uk

www.bbc.co.uk

www.gonoddle.com

Go onto YouTube and do Joe Wick's workout for children.

Most importantly enjoy your time together, make a cake, watch a movie, crazy dance to some music!

Have fun and stay safe

Michelle Mitchell 😊
